Care Beyond Compare for Southeast Iowa

Advanced Home Health Care is the leading medical and non-medical home health care provider in southeast Iowa. Our expert staff are dedicated to helping individuals and their families navigate care and payment options while providing education and resources that empower our clients to lead a full life.

Nursing Services

We offer a wide variety of skilled nursing services, provided by highly experienced registered nurses, including:

- Skilled care evaluations
- Pre- and post-operative care
- Catheter care/change/continence management
- Diabetic care
- Patient and caregiver education
- Fall prevention/safety training
- Pediatric care
- Lab draws
- Wound care/dressing changes
- Tube feeding, G-tube care and teaching
- Pain management
- Cardio/pulmonary care

- Medication management and administration/injections
- IV therapy management and patient instruction; central line and infusion port management
- And more

Caregiver Services

As loved ones age, many seemingly simple daily household activities and chores become more difficult. Our caregiver services help clients with daily living activities, such as:

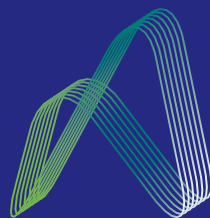

- Assistance with personal care (bathing, dressing, etc.)
- Companionship and conversation
- Meal planning and preparation
- Light housekeeping and laundry

- Transportation assistance
- Shopping services
- Respite and relief for family caregivers

Therapy and Rehabilitation Services

Advanced Home Health Care's therapy services are designed to enhance independence and help clients recover from surgery or injury as quickly as possible. Our in-home therapists provide instruction and training to help clients achieve the highest level of independent function. Services include:

- Occupational therapy
- Physical therapy
- Speech therapy
